*From inspiration to problem solving, we answer your questions*

**Q** My real Christmas tree has lost its fragrance, but I have plenty of festive entertaining still to do. Is there a way I can revive the centrepiece of my scheme?

**A** Simply hang a handful of Scentsicles scented ornaments - a paper stick infused with pure fragrance - from its branches. For an authentic Christmas tree smell, we recommend White Winter Fir, £6.97 for six, Lakeland.
